**\*Variable Rate Information.** The APR is a variable rate based on the U.S. Prime Rate plus the applicable Margin. The Prime Rate is the highest rate published in the Wall Street Journal as of the first day of the calendar months March, June, September and December and becomes effective on the first day of your billing cycle that begins in the same month in which the index was published. The Margin is based on our review of your credit report. The Margin will range from 5.74% to 20.74% based on the product type. The current Prime Rate published in the Wall Street Journal is 5.50% as of March 1, 2019.

**How We Will Calculate Your Balance.** We use a method called, "Average Daily Balance (including new purchases)." See the Account Agreement for more details.

**Billing Rights.** Information on your rights to dispute transactions and how to exercise those rights is provided in the Account Agreement.
