As a VACU mortgage loan officer, with more than 20 years in the mortgage lending business, I pride myself on providing the financial guidance needed to help our members make the best decisions in their mortgage financing.

The process of buying a home takes time, and I enjoy building relationships with our members during this time. It's my goal to take the stress out of buying a home, and help our members feel at ease while making financial decisions.

I have lived in Stafford all my life – 45 years and counting. I love the location and the accessibility to Washington D.C. and Richmond. I love to travel and workout. In my spare time, you'll find me spending time with my family.
