My mortgage experience began over 25 years ago when I was a REALTOR®. I loved helping people find a new home, but I realized my passion was making the numbers work. It was a natural progression to move over to the lending side of the business. Buying or refinancing a home can be an intimidating experience, and I want members to know that I will be by their side every step of the way. I want them to feel comfortable and confident about their loan.

I have lived in Richmond for many years and I love all the diversity the city has to offer. I believe in giving back to my community, and I am involved in many civic organizations. In my free time, you will find me on the golf course or following my Tarheels!
