I have over 18 years of mortgage lending experience. I enjoy the challenges of the changing mortgage industry. I like to take time to know my members to better understand their financial hopes and goals. I truly enjoy developing a financial plan to meet the member's needs. Only then can I help them find the best options available.

I have lived and worked in the Richmond area for over 35 years and in my free time I love to spend time outdoors.

Thang

Buying a home is easy and affordable at Virginia Credit Union. You'll feel comfortable asking questions and getting the information you need.

Your home for mortgage loans

You have access to a variety of mortgage services and resources to meet your needs. You can also attend seminars for first-time home buyers.

- Mortgages for primary residences, second homes, investment properties and land in Virginia
- Purchases and refinances
- Fixed rate loans with flexible terms
- Adjustable rate loans—for home and land purchases
- Low down payment options for purchases

Get pre-qualified

Know in advance the monthly payments and the loan amount for which you qualify. Once pre-qualified, you can request a pre-qualification letter to present to your realtor or a seller.

To get started, visit our website, stop by a branch or give us a phone call.

Refinancing

Taking advantage of lower rates and refinancing your current mortgage could offer you financial benefits. To determine if it makes sense to refinance, visit our website or contact a mortgage loan consultant.
