I've been in finance more than 10 years. What's most exciting about being a mortgage loan officer is working with new people daily and helping them save money, obtain debt relief, or achieve home ownership. My experience allows me to offer advice and guidance that they may not get elsewhere, which is very rewarding.

I will always work my hardest for every borrower to ensure amazing service. I pride myself on being upfront and honest and will try to find every way possible to make the loan work. I have experience in consumer and business banking, which helps me see things that others may not.

I've lived in Virginia my entire life and traveled throughout the state. The thing I like most about Virginia is that it has everything—you can go skiing one day and take a walk on the beach the next. When I'm not working with members, I enjoy fishing and being outside in nature. I'm also a big NFL fan and enjoy MMA, college basketball, and football.
